Accepted award _____

Allocated funds _____

Complete additional information on the back

Partial financial support (up to ½ the NBPTS fees) is available through the Candidate Subsidy Program. This program, made possible through annual appropriations from the United States Congress, provides funds to a limited number of candidates in each state to help offset the assessment fee. Subsidies will be awarded to candidates in high need areas first, and preference will be given to those who have completed a pre-candidacy course.

I am applying for the federal candidate subsidy for teachers seeking voluntary certification under the National Board for Professional Teaching Standards (NBPTS). I understand that the role of the State of Arizona in the candidate subsidy program is limited to coordinating the selection of teachers to receive the subsidy and that all assessments and resulting certifications are performed under the authority and rules of NBPTS.

By completion of this application, I hereby request consideration for Arizona State Subsidy Funding.
